Love2Swim School received an Award for the Best Swim

School in QLD from Austswim for 2018

We are now an approved swim school that enables schools to receive full government funding for their school swimming program which helps families financially afford their school swimming program so hopefully your school can apply for this. The government are also giving teachers a reduced price to complete their Austswim course to prevent future drowning, so this is terrific that lessons and safety are the governments focus in 2019.
